ETS12

**Cut bolts, threaded rod,
one-time locks & more.**

**Lightweight Battery
Bolt Cutter**

The Easy Way - To Cut Steel

The new Greenlee ETS12 is a small lightweight battery-powered tool for cutting a wide variety of mild steel products. Think of it as a battery-powered bolt cutter. It can be used to cut bolts, threaded rod, solid hasp and cable hasp one-time locks, shipping container seals, and many other items.

Because the ETS12 is small (only 14-3/8 inches long) and light (even lighter than manual bolt cutters), it is much easier to position for a cut than a manual cutter. And, when you need to make multiple cuts, the battery power makes it much easier on your body. The cutting head is compact so you can get into tighter spaces than a manual cutter will allow.

The ETS12 cuts fast. It only takes about 4 to 5 seconds per cut, and when the cut is complete, the ETS12 automatically retracts to be ready for the next cut. No need to push another trigger.

And, no need to worry about running out of battery power. The ETS12 will make about 100 cuts per battery charge, and it comes with two batteries so you can be charging the second one while you use the tool.

Features

- Light weight in-line style tool is easy to maneuver.
- Cutter head rotates 350° for use in tight locations.
- Ram retracts automatically when a cut is complete.
- Ram can be retracted at any point in the cutting cycle.
- Includes tool, two batteries, battery charger and molded carrying case.
- Choice of 120V, 12V, or 230V one hour battery charger.

Specifications

Overall Length:	14-3/8" (365 mm)
Weight :	4.0 lbs. (1.8 kg)
Battery:	9.6V NiCd
Battery Charge Time:	1 hour
Cutting Capacity:	
Common Bolt	1/2" diameter
Grade 5 Bolt	7/16" diameter
Grade 8 Bolt	5/16" diameter
Threaded Rod	1/2" diameter
One-Time Disposable Lock	4 AWG Alumoweld
Boa Lock	BL-9
Grade 40 Rebar	3/8" diameter
Steel Rod	3/8" diameter (1/2" diameter using two cycles)
Ground Rod	3/8" diameter (1/2" diameter using two cycles)
Copper and Aluminum Cable	2/0 AWG
ACSR	3/0 AWG Pigeon (4/0 AWG Pigeon using two cycles)
Guy Strand	5/16" diameter (3/8" diameter using two cycles)
EHS Guy Strand	5/16" diameter
Aircraft Cable	1/4" diameter
